Alice's Adventures in Wonderland (Abridged) Lewis Carroll

## Alice's Adventures in Wonderland (Abridged) By Lewis Carroll (1832-1898)

*Alice's Adventures in Wonderland* is a work of children's literature by the English mathematician and author, the Reverend Charles Lutwidge Dodgson, written under the pseudonym Lewis Carroll. It tells the story of a girl named Alice who falls down a rabbit-hole into a fantasy realm populated by grotesque figures like talking playing cards and anthropomorphic creatures. The Wonderland described in the tale plays with logic in ways that have made the story of lasting popularity with adults as well as children. It is considered to be one of the most characteristic examples of the genre of literary nonsense. (Wikipedia) **NOTE: This version of *Alice's Adventures in Wonderland* is heavily abridged.**
